Meals included: Breakfast

Giverny is a village in the region of Normandy in northern France where Impressionist painter Claude Monet lived and worked from 1883 until his death in 1926. The artist’s former home and elaborate gardens, where he produced his famed water lily series, are now the Fondation Claude Monet museum. Nearby, the Musée des impressionnismes Giverny highlights the Impressionist art movement. This is a bucket list experience for garden lovers

& our private guide will help us make the most of this special day. After Monet’s Garden, we head to Versailles. The [Palace of Versailles](#) was the principal royal residence of France from 1682 under Louis XIV until the start of the French Revolution in 1789. Together with its gardens, the Château de Versailles is one of the most famous monuments of world heritage. Here you will be wowed by the extraordinary interiors and the gardens designed by André Le Nôtre – he also is responsible for the beautiful Tuileries gardens opposite your hotel. Bertrand is our private guide for the day. You will love him! He knows everything, from Napoleon’s favorite dish to the numbers of trees in Versailles' garden!
